

6:00 – Juli Johnson

I love to run! I have run a marathon in every state and finished 100 life time marathons. I qualified for Boston once upon a time, but have enjoyed the road at slower speeds in recent years. Fargo is fun because of all the on course entertainment, the three college campus experiences and the great finish food - even for later finishers. My favorite experiences in recent years have been pacing 6 hour groups. We run/walk, take photos, and have a lot of fun on the way to the finish line. Many beginners finish their first ever marathon in my groups. All are welcome!
